Profile

Versatile BCA student and multi-disciplinary professional with a unique blend of technical and creative skills. Hands-on experience as a Backend Developer Intern, LinkedIn content manager, video editor, and Facebook page handler across two software companies. Combines a strong foundation in programming (HTML, CSS, JavaScript, Java Spring Boot) with real-world content creation, social media management, and video production skills. Eager to channel this unique blend of technical and creative expertise into a Website Content Writer & Manager role.

Education

Bachelor of Computer Applications (BCA)

Bhairahawa Multiple Campus, Bhairahawa • 2023 – Present

Employment

Backend Developer Intern & Content Associate

AURALITH BIT — Software Company & IT Institute, Bhairahawa • Apr 2026 – Present

- Supporting backend development in a live professional software environment.
- Managing the company's LinkedIn page — writing posts, growing followers, and building brand authority.
- Writing scripts and content for promotional videos and social media campaigns.
- Editing and producing videos for the company's digital channels with consistent brand identity.
